

Catalog Antibody

At ABclonal, we have more than 13,000 catalog antibodies in-stock. Our catalog has been carefully selected to meet and exceed the current needs of life science research.

20 μ L TRIAL SIZE ANTIBODIES FOR

SPECIAL
PRICE

Price Guaranteed, Fully Validated Catalog Antibodies

Validation

Our antibodies can be validated in IF, IHC, WB, ChIP, and ChIP-seq.

High Quality

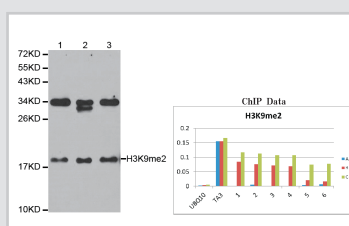

We offer antibodies with high sensitivity and specificity.

Price Guarantee

We price match all catalog antibodies with an additional 3% discount.

We provide epigenetics antibodies for chromatin remodeling, and RNA binding protein. Discover how we can help with your research.

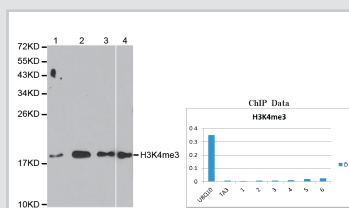

ChIP-seq Validated Epigenetic Antibodies & References

Journal: Clinical Epigenetics
